

Organ Procurement Operation (OPO) Performance Measurement Project

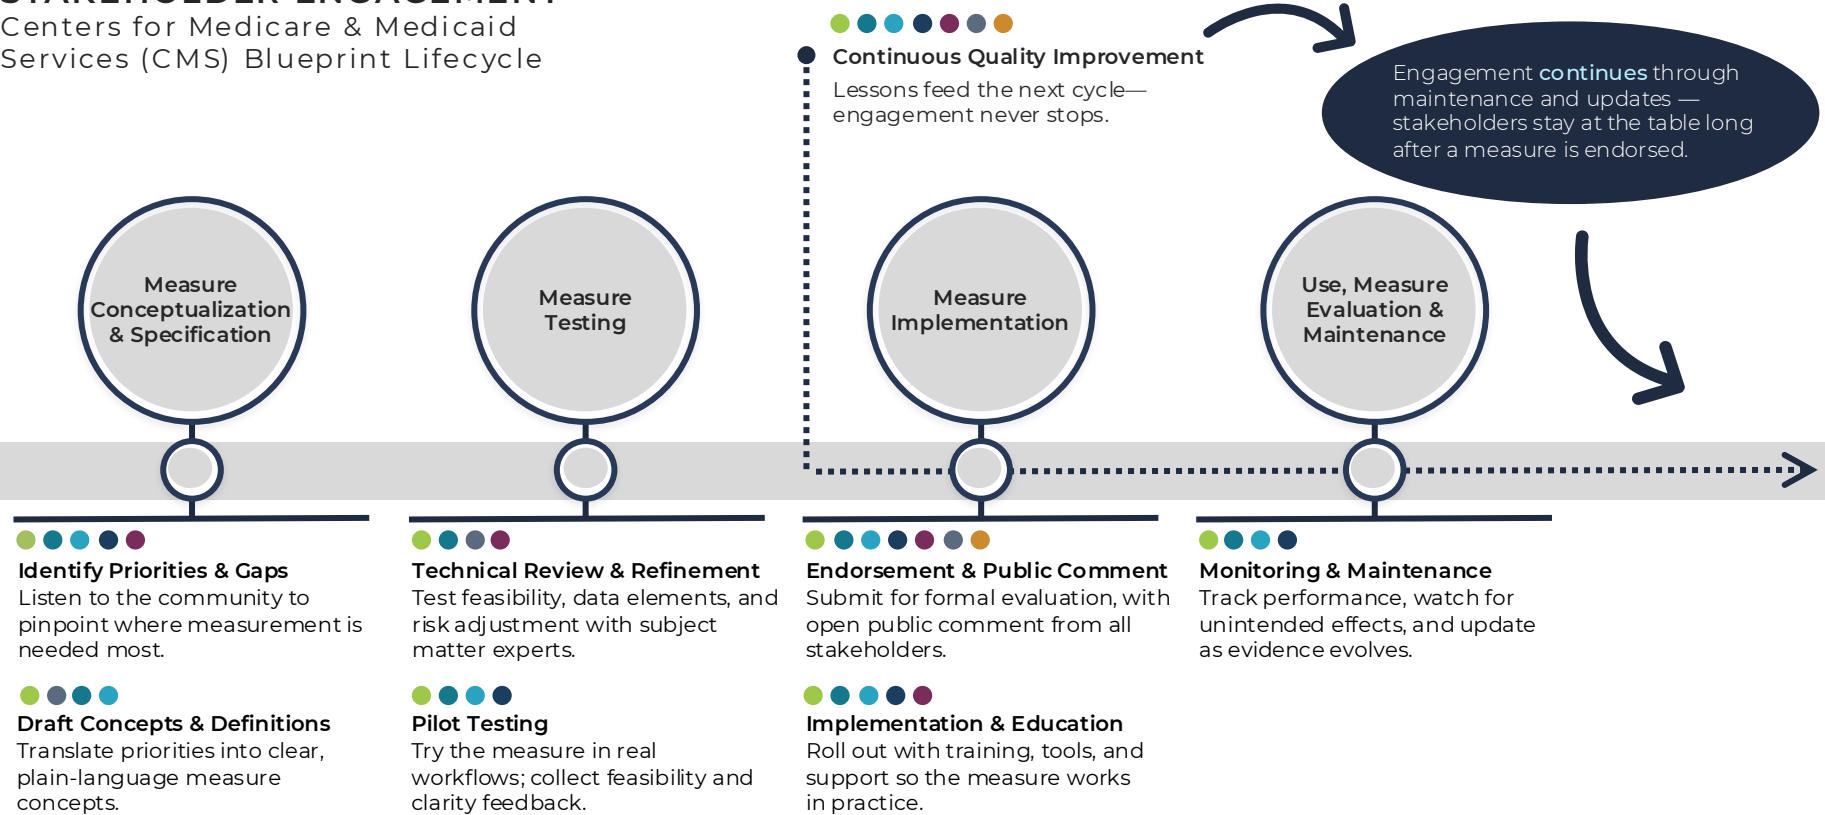

Stakeholder Engagement Across the Measure Development Lifecycle

Version June 2026

The Association of Organ Procurement Organizations (AOPO), in partnership with Econometrica, Inc., brings together Organ Procurement Organizations (OPOs), donor hospitals, transplant centers, patients and families, technical experts, and endorsing bodies at every stage of measure development—from identifying gaps through ongoing maintenance and continuous quality improvement—so the measures reflect all stakeholders in the donation and transplantation community.

STAKEHOLDER ENGAGEMENT

Centers for Medicare & Medicaid Services (CMS) Blueprint Lifecycle
